Back-to School with the Library!

A library card is your child's ticket to academic achievement.

Back-to-School is a time when the Carnegie Public Library joins with our local educators to make sure that every student has the most important school supply of all – a free library card.

Students & educators can use their library cards from home, too. Our library offers access to important educational resources, like our online book/e-book catalogs, online homework databases, and college and career testing resources.

Below is more information on getting a library card and how to use our online library resources.

eCard Online Application- (Note: For students 17 & under, use the 2nd address line of the form to include parent/guardian name.)

Library Apps-Apps needed to access/use our eBook: Ohio Digital Library, and Regular Library Catalogs.
